DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-12, drawn to a method for the attachment of a functional element.

Group II, claim(s) 13-22, drawn to a die.

Group III, claim(s) 23-31, drawn to a functional element.

Group IV, claim(s) 32-40, drawn to a component assembly.

Group V, claim(s) 41-43, drawn to a plunger arrangement.

2. The inventions listed as Groups I, II, III, IV, and V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

Group I requires the special technical feature of the sheet metal material being brought into with shaped features by press force which is not required by Groups II, III, IV, and V; Group II requires the special technical feature of a conically tapering wall merging into a space receiving an abutment element which is not required by Groups I, III, IV, and V; Group III requires the special technical feature of the cylindrical side wall of the head part being compressible which is not required by Groups I, II, IV, and V; Group IV requires the special technical feature of a coated surface which is not required by

Groups I, II, III, and V; Group V requires the special technical feature of an inner plunger which is displaceably arranged with respect to an outer plunger within a plunger passage which is not required by Groups I, II, III, and IV; Therefore, restriction as indicated is proper.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
4. Telephone inquiries regarding the status of applications or other general questions, by persons entitled to the information, should be directed to the group clerical personnel.
